| Bicyclist fatalities | 220 | 234 | 209 |
| Alcohol-confirmed fatalities | 423 | 363 | 323 |
| Vehicle miles traveled | 227.8 billion | 239.2 billion | 249.5 billion |

2024 figures: FLHSMV Crash Facts 2024, closeout January 22, 2026. VMT from FDOT via FLHSMV. Federal FARS counts 3,138 Florida deaths in 2024 (IIHS); NHTSA's early estimate for Florida in 2025 is 3,047 (DOT HS 813 800). FLHSMV and FARS use related but not identical counting rules.

### Why older articles still say 3,553

The FLHSMV 2022 Crash Facts total of 3,553 deaths (MDR 1.56) is still cited by FDOT Fast Facts (November 2024) and by many secondary pages. It was correct for 2022. The latest statewide FLHSMV total is 3,098 for 2024 (MDR 1.24).

## Methodology

FLHSMV figures come from Florida law enforcement crash reports that meet the codeable criteria in section 316.066, Florida Statutes. A traffic fatality is a death within 30 days of the crash. Federal FARS and NHTSA estimates use national rules and their own closeout schedules. 2025 figures are NHTSA projections and will be revised.
